## We are passionate about a natural and holistic approach to every individual's well-being

### Going back to nature

We believe that in order to **achieve a higher quality of life, we must go back to nature**. Our health solutions contain scientifically validated natural substances of the highest quality. They **nurture our bodies and spirits**, while also helping us prevent illness.

**Sensilab understands that everyone is unique**. We're all at different stages of life and have very diverse lifestyles, which is why we believe taking an individual approach to our customers is crucial. By offering a large variety of products, we provide complete and customized solutions for helping our customers find an inner balance and improve their lifestyles.

### Nature & science working together

**Our products contain safe and effective natural compounds**, processed under strict pharmaceutical standards. Nature provides highly efficient solutions to most of the challenges we face. Some **plants possess unique properties that make them unbelievably resilient**. This is where we come in, adapting these remarkable substances for our bodies to utilize to their full potential.

# Our production process leaves nothing to chance

We keep up with **the latest trends, findings, and studies in biochemistry, supplements, and nutrition**. This helps us identify the best possible natural compounds for the body's specific requirements.

From a **range of natural compounds**, we select those that exhibit the **highest potency and absorption potential**. This helps us finalize the content of our products.

We purchase materials from **reliable and traceable suppliers**, who must keep **certificates proving the quality and integrity** of the raw materials.

We **additionally test all of our raw materials** in an independent lab, performing trace metal analysis and microbiological tests.

We manufacture our products in **modern pharmaceutical plants**, in compliance with pharmaceutical food safety management systems **GMP** and **HACCP**, as well as **strict EU standards**.

Before launching our final products on the market, we test and analyze them thoroughly. This ensures that everything that comes into our customers' hands is flawless. **Each product series comes with purity** (absence of trace and heavy metals) **and microbiological integrity guarantees**.

All our products are manufactured in accordance with **strict standards** applying to the production of pharmaceuticals (**GMP**) and dietary supplements (**HACCP**).

We monitor and ensure the **quality of our products**. Each product series comes with a **purity and microbiological integrity guarantee**.

All our health and nutritional supplements are developed by **in-house experts** from the Scientific and Nutritional Supplementation R&D.

We utilize **natural ingredients** that are **scientifically proven to work**, making our products as convenient to use as possible.

Most of our products are **gluten free**. They are all marked with this sign on the packaging.

Most of our products are **lactose free**. They are all marked with this sign on the packaging.

All of our product are **GMO free**. They are all marked with this sign on the packaging.

We use cellulose capsules of **non-animal origin**. Such products are marked with this sign on the packaging.

# Hepafar fibers

Eliminate toxins, once and for all

Contains a unique synergistic formula of natural ingredients: **acacia gum** is a natural source of soluble fiber, contains minimum 90% fiber, **chicory** stimulates the secretion of bile and contains inulin, which promotes healthy digestion and ultimately flushes toxins from the body, **rosemary** increases blood circulation, further helping out the liver and **lemon juice** that is naturally high in citric acid that stimulates digestive juices. Water-soluble fibers in Hepafar Fibers play a key role in the detox process by: binding toxins, supporting overall digestion, acting as a prebiotic and preventing the proliferation of pathogenic bacteria.

## ADVANTAGES

- + Only one drink daily,
- + high fiber content,
- + does not cause bloating and flatulence,
- + 100% natural ingredients,
- + with a refreshing natural lemon flavour.

**PACKAGING:** 15 sachets for 15 days

# Hepafar forte premium

10 times more effective liver detox

Contains **HEPAforte complex™** with five key ingredients to support your liver: **milk thistle** (Silybin extract) binds and flushes toxins excreted by the liver, **phospholipids** (from soy lecithin) act like microscopic oil caps, improving the bioavailability of the thistle extract by a factor of 10, **artichoke** facilitates the detox process, **black pepper** improves the bioavailability of the natural ingredients by 15% and **vitamin E** protects liver cells from the oxidative stress. Due to its top formula of powerful ingredients, Hepafar forte packs a triple synergistic effect: detoxes, regenerates and strengthens your liver.

# Sleeplux

Natural way to induce and maintain sleep

Many effects of a lack of sleep, such as feeling grumpy and not working at your best, are well known. However, the cost of all those sleepless nights is more than just bad moods and a lack of focus. Sleeplux provides natural 3-in-1 sleep support. It contains crucial nutrients important for melatonin production: **tryptophan, vitamin B5, B6, folate, B12, niacin** and **zinc**. Combines 3 most popular herbal sleep aids. **Lemon balm** reduces insomnia by 42%, decreases agitation by 35% and reduces tension by 18%. **Valerian** increases the quality of sleep by 33%. **Passionflower** is known to support relaxation and induce calm rest and sleep.

## ADVANTAGES

- + Natural 3-in-1 sleep support,
- + contains crucial nutrients important for melatonin production – the sleep hormone,
- + supports relaxation and aids healthy sleep,
- + improves the quality of sleep.

**PACKAGING:** 60 capsules for 30 days

# Sleeplux forte melatonin spray

Reduces the time to fall asleep

This easy-to-use spray contains melatonin, a hormone, naturally produced by the pineal glands in our brains during the nighttime. Due to fast rhythm of the modern life, stress, night shifts etc. secretion of melatonin is often disturbed. **Melatonin** appears to be quite reliable for shortening the time it takes to fall asleep (sleep latency) and inducing faster sleep. We added **vitamin B6** which contributes to normal functioning of the nervous system and psychological function.

## ADVANTAGES

- + Shortens time to fall asleep & helps with jet lag,
- + easy to use when needed,
- + fresh and delicious mint flavor,
- + no sugar or alcohol, plant-based and vegan.

# DermaGlow

Makes the skin lighter, smoother & younger

DermaGlow is a unique, high potency product for skin lightening. It contains the proper combination of: L-Glutathione, alpha-lipoic acid, grape seed and vitamin C. **L-Glutathione** is a protein that is found inside every cell of the human body. It acts as a powerful antioxidant and is a great skin lightening agent. It inhibits melanin production. Other 3 substances in DermaGlow (**alpha-lipoic acid, grape seed, and vitamin C**) have a strong anti-aging and anti-oxidative effect. They reduce the appearance of fine lines and wrinkles and nourish the skin.

## ADVANTAGES

- + Delicious raspberry flavor,
- + can be used without water by melting it on the tongue,
- + a unique product for skin lightening,
- + visible results right after the skin produces new cells which appear whiter than before,
- + an anti-aging effect that makes the skin smoother and younger.

**PACKAGING:** 30 sachets for 30 days

# UNDO skincare cream

Effectively slows down skin aging

Among other factors, the appearance of young-looking skin depends on the collagen structure that creates firmness and tone. In the aging process this structure weakens, dissolving quicker and taking longer to recover. UNDO face cream with the **innovative patented Undo complex™** and carefully selected antioxidants prevents the breakdown of collagen and stimulates its production. Undo complex™, the key ingredient of UNDO cream, is the first pharmaceutical component that can decelerate the aging process by working on two levels: shielding cells from the damaging effect of free radicals, and inhibiting the enzymes breaking down collagen. UNDO cream isn't just a beauty aid, it's a powerful pharmaceutical based on latest medical expertise.

## ADVANTAGES

- + Stimulates collagen production and diminishes the effects of aging,
- + inhibits damaging free radicals and wrinkle formation, significantly improving skin elasticity,
- + contributes to a firmer skin structure and youthful glow,
- + suitable for all skin types,
- + works around the clock, with all-in-one action.

**PACKAGING:** 50 ml

# UNDO perfect skin

Promotes collagen production

This unique formula helps protect the skin from signs of ageing and increases collagen production. It contains powerful 3 ingredients (**grape seed extract, vitamin C, zinc**) that showed triple anti-age effects: reducing dark circles and face spots, and increasing firmness. We added **B-complex** with all the 8 beauty B-vitamins that our body needs every day. Other ingredients: **lycopene, beta-carotene, vitamin E** and **selenium**, all strong antioxidants that can protect skin cells and - in this combination - showed great skin-replenishing results: increase in skin thickness (strength) and decrease in skin roughness and scaling.

## ADVANTAGES

- + Extra-rich formula with 15 high-quality skin-nourishing ingredients,
- + clinically proven skin protection,
- + 7% increase in skin density & 14% increase in skin thickness,
- + increased collagen production,
- + helps remove under-eye bags and face spots.

- + contributes to a strong metabolic rate, and balanced mood and psychological function,
- + with added zinc and selenium supports immune system and thyroid health,
- + helps reduce oxidative stress.

**PACKAGING:** 30 capsules for 30 days

# Vitamin K2

Bioactive and micro-encapsulated vitamin K2

Do you know why **Vitamin K2** is called »the missing nutrient«? Because most western diets are K2-deficient and the majority of adults and children in the western population have low blood levels of vitamin K2! Our vitamin K2 supplement contains the most bioactive and bioavailable form of Vitamin K2, MK-7, which is the optimal form of vitamin K for maximum effect. It is highly efficient at minimum doses already and stays in the body for longer compared to MK-4, another form often found in supplements.

## ADVANTAGES

- + Contains K2VITAL® Delta, an all-trans Vitamin K2 MK-7 which means it's all-bioactive,
- + super-strong, high potency formula with 200 µg in 1 capsule,
- + double coated beadlet with two water-dispersible coatings providing superior stability,
- + small, easy to swallow capsules.

**PACKAGING:** 30 capsules for 30 days

# Vitamin C 500 mg

Vitamin C from natural rose hip extract

When it comes to your health, **vitamin C** is a true all-rounder vital for the proper functioning of every cell in your entire body. **Rose hips** are one of the richest sources of vitamin C, since they contain about 60 times more vitamin C than an equal amount of citrus fruit. Sensilab Essentials Vitamin C contains 500 mg of vitamin C that meets the daily needs of every individual.

## ADVANTAGES

- + Improves the functioning of the immune system,
- + contributes to normal collagen formation,
- + promotes a normal energy-yielding metabolism,
- + contributes to the normal functioning of nervous system,
- + protects cells from oxidative stress,
- + helps reduce tiredness and fatigue.

**PACKAGING:** 30 capsules for 30 days

# Vitamin C 1000 mg

Not every Vitamin C is the BEST Vitamin C

The Nutrient Reference Value (NRV) typically refers to the amount of a nutrient required daily to avoid deficiency. But more and more scientist acknowledge our requirements for optimal health are higher than the standard NRVs. In many studies, they use higher amounts of **vitamin C** to achieve the desired results. That's why we followed what science says and used 1000 mg of vitamin C in this product to really ensure the stongest immune support!

## ADVANTAGES

- + With Ester-C® - the BEST form of Vitamin C, super strong (1000 mg),
- + 24 hour immune support,
- + more than 300% better availability of the patented vitamin C (Ester-C®),
- + non-acidic and gentle on the stomach.

**PACKAGING:** 15 sachets for 15 days

# Vitamin B12

A perfect combination of vitamin B12 and folate

**Vitamin B12**, also known as cobalamin, is an essential vitamin and cannot be produced by the body. It is found naturally in a wide variety of animal products, but not in plant foods. But not only vegans and vegetarians need to supplement it as around 40% of the general population have an under-supply of vitamin B12. We have also added **bioactive folate** as a lack of vitamin B12 can indirectly cause a folate deficiency, as the two vitamins are dependent on one another.

## ADVANTAGES

- + Bioactive forms of vitamin B12 (methylcobalamin) and folate,
- + super-strong, high-potency formula,
- + 1 capsule covers 40.000% of recommended daily intake of vitamin B12,
- + suitable for vegans & vegetarians who face a very high risk of vitamin B12 deficiency.

**PACKAGING:** 30 capsules for 30 days

# Vitamin D3 4000 IU

High-potency formula with 4000 IU of vitamin D3

**Vitamin D3** is produced naturally when our skin is exposed to the sunlight. But up to 75% of the world's population is vitamin D deficient making it a major health problem in all age groups, experiencing symptom like tiredness, mood swings, aching muscles and poor immunity. In Sensilab Vitamin D we used the form **cholecalciferol**, the most effective form of vitamin D - it can be absorbed and utilised a lot better than other forms. It also stays in our blood longer. A single capsule of Vitamin D3 provides 4000 IU of this key vitamin, making it ideal for most people to reach optimal vitamin D blood levels.

## ADVANTAGES

- + 1 capsule covers 2000% of recommended daily intake,
- + supports the immune system,
- + keeps bones, muscles and teeth strong and healthy,
- + recommended for people with increased vitamin D3 needs (everyone during the winter, people with limited sunlight exposure, overweight and obese, post-menopausal women, elderly ...).

**PACKAGING:** 30 capsules for 15 or 30 days

RECOMMENDED REFERENCE INTAKE AMONG COUNTRIES DIFFERS IN ACCORDANCE WITH LOCAL DIETARY GUIDELINES.

# Vitamin D3 + K2

A powerful combination of vitamins D3 and K2

Yes, you can get your **vitamin D3** with regular exposure to sun – but do you? From October to April, sunlight doesn't contain enough UVB radiation, so your skin can't produce it. As a result, over 75% of Europeans are **vitamin D3** deficient. Yet vitamin D3 is one of the key vitamins for immunity. Similar holds true for **vitamin K2**. Western diets are usually low in **vitamin K2**, which is why most of the Western world is too – studies show only 35% of people have adequate blood levels. But just as D3, vitamin K2 is crucial for good health.

## ADVANTAGES

- + High-dose formula with 125 µg (5000 IU) of vitamin D3,
- + microencapsulated vitamin K2 in bioactive MK-7 form – best on the market,
- + synergistic combination of vitamins for maximum effect,
- + boosts the immune system and supports cardiovascular & bone health.

**PACKAGING:** 90 capsules for 180 or 270 days

RECOMMENDED REFERENCE INTAKE AMONG COUNTRIES DIFFERS IN ACCORDANCE WITH LOCAL DIETARY GUIDELINES.

# Super B-complex

High-potency B-complex formula

Essentials Super B-complex is specifically designed for people with a higher **B-complex** need due to their diet and lifestyle. It's also perfect for you if you quickly want to compensate for a deficiency! It provides a **complete vitamin B-complex** solution – take care of all your daily needs for vitamins B1, B2, B3, B5, B6, B7 – biotin, B9 – folate and B12, all in one capsule! This superior product boasts a bioactive formula – these forms are instantly available and more effective than those of regular B-vitamins, as they don't have to be converted in the body first.

## ADVANTAGES

- + Superstrong combination of 8 B-vitamins for maximum benefits,
- + covers all your daily vitamin B needs with this superior formula,
- + 500 µg of vitamin B12, 400 µg of folate (B9) and 2000 µg of biotin (B7),
- + complete vitamin B-complex |B1, B2, B3, B5, B6, B7, B9, B12,
- + instantly available bioactive formula.

**PACKAGING:** 30 capsules for 30 days

# Zinc 25 mg

Chelated zinc with superior absorption & bioavailability

Although **zinc** is widely represented in food, there are certain groups of people with low or inadequate zinc status, like vegans and vegetarians, people over the age of 60, and pregnant and lactating women. **Zinc** is of key importance in many biological processes and it is vital for the functionality of more than 100 enzymes. It plays an important role in immune system function, protein synthesis, blood clotting, wound healing and reproduction.

## ADVANTAGES

- + In form of zinc bisglycinate chelate,
- + proven to be significantly more bioavailable than zinc gluconate,
- + stomach-friendly form,
- + suitable for everyone, regardless of age, life stage or gender.

**PACKAGING:** 30 capsules for 30 days

# Iron

Chelated iron with superior absorption & bioavailability

**Iron** deficiency is the most prevalent nutritional disorder in the world. The first choice of treatment for iron deficiency is iron based supplements. However, many **iron** supplements come with major drawbacks, such as: digestive tract irritation, poor bioavailability and metallic taste. Sensilab Essentials Iron is a superb iron supplement designed to improve the absorption of iron while decreasing the adverse effects commonly associated with consuming iron supplements.

## ADVANTAGES

- + A patented form of iron bisglycinate chelate, super-strong, high potency formula,
- + superior absorption compared to other common iron forms,
- + with added vitamin C for enhanced iron absorption.

**PACKAGING:** 30 capsules for 30 days

# Iodine 200 mcg

Support your thyroid and nervous system

**Iodine** is a mineral that is essential for creating and maintaining thyroid hormones. Thyroid function is important for metabolism. The human body does not naturally produce it. Unfortunately, not many food sources are rich in it. Iodine deficiency is common, especially among people who follow a vegan diet and pregnant people. Essentials **Iodine** contains 200 µg of iodine, just the amount that the adults daily need.

## ADVANTAGES

- + Maintains normal production of thyroid hormones,
- + supports cognitive function (thinking, memory, problem-solving),
- + 200 µg of iodine per capsule, just 1 capsule per day,
- + small, easy-to-swallow capsules.

**PACKAGING:** 120 capsules for 120 days

# Coenzyme Q10 100 mg

Natural high-dose coenzyme Q10 with added selenium and vitamins B1 & E

Essentials **Coenzyme Q10 100 mg** contains 100 mg of coenzyme Q10 in the form of ubiquinone produced from glucose, using a natural yeast fermentation process. Ubiquinone is a fully oxidised form of Q10 and offers the same bioavailability as other forms of Coenzyme Q10, such as ubiquinol. To additionally improve its bioavailability piperine (black pepper extract) was added to the formulation. Also we enhanced it with two natural antioxidants, which offer double protection against oxidative stress.

## ADVANTAGES

- + High dosage: 100 mg of coenzyme Q10,
- + 100% natural CoQ10 produced with fermentation,
- + enriched with selenium, vitamin E and vitamin B1,
- + with black pepper extract which increases its effectiveness.

**PACKAGING:** 30 capsules for 30 days

# Vegan Omega-3

Plant-based and environmentally friendly

Did you know less than 20% of people worldwide get the minimum recommended intake of omega-3s per day? **Omega-3s EPA and DHA** are found in every single cell of your body, which means they play an important role in overall health. But the body can't make omega-3s from scratch, so you have to get them from your diet. Sensilab Essentials Vegan Omega-3 contains top-quality **omega-3** extracted directly from algae – the primary source of omega-3. A plant-based, sustainable and environmentally friendly alternative to fish oil with all its heart, brain and eye health benefits.

## ADVANTAGES

- + Algae oil rich in DHA & EPA in their natural triglyceride form,
- + essential for life & overall health,
- + suitable for vegans, vegetarians, and those suffering from fish allergy,
- + with added vitamin C, E and rosemary extract for maximum freshness.

**PACKAGING:** 30 capsules for 30 days

# Omega-3 1000 mg

Super strength omega-3

Did you know more than 95% of adults have suboptimal **omega-3** blood levels which have been linked to impaired cardioprotection? We know that beneficial effects are obtained with a minimum daily intake of 250 mg of **EPA and DHA**. But we also know that the minimum intake is NOT an optimal one. Even if you are hitting the bare minimum, that's all that it is: the bare minimum. Not exactly words you would want to describe the state of your health with. This is why we have developed Sensilab Essentials **Omega-3 1000 mg** that contains 3x the "bare minimum" of omega-3s in every capsule!

## ADVANTAGES

- + Pure and highly-concentrated fish oil,
- + super strength omega-3s with 500 mg EPA and 250 mg DHA in 1 capsule,
- + vital for overall health: protects your heart, supports your brain, supports your vision,
- + only 1 capsule a day.

**PACKAGING:** 30 soft capsules for 30 days

# Super Omega + Q10

2 in 1 for healthy heart

Super Omega-3 + Q10 combines highly concentrated fish oil with coenzyme Q10. **Omega-3 fatty acids** are integral parts of cell membranes throughout the body and affect the functioning of the cell receptors in these membranes. They are the starting point for making hormones that regulate blood clotting, contraction and relaxation of artery walls, and inflammation. **Coenzyme Q10** (also known as ubiquinone) is found in almost every cell in the body, and it is a powerful antioxidant. Some researchers believe that the coenzyme Q10 may help with heart-related conditions because it can improve energy production in cells.

## ADVANTAGES

- + Contains 1000 mg of fish oil, with EPA and DHA that are important for a healthy heart,
- + also contains 50 mg of coenzyme Q10, a strong antioxidant that is also important for normal function of the heart,
- + omega 3 fatty acids can also decrease the risk for cardiovascular diseases,
- + contributes to normal brain and nervous system functioning.

**PACKAGING:** 30 soft capsules for 30 days

# Multivitamin & minerals

Essential vitamins and 3 minerals we need every day

**Vitamins and minerals** are indispensable substances that our body can't make by itself (in sufficient quantities) so we have to get them with food. They take part in thousands of vital reactions in the body involved in: helping us get the energy from the food we eat, supporting growth and regeneration of all cells, tissues and organs, enabling detoxification, protecting the body from infection, supporting blood production, and a lot more.

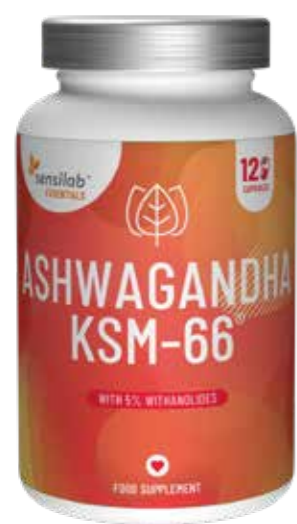

## ADVANTAGES

- + All the 13 essential vitamins in sufficient quantities to cover 100% of your daily needs,
- + 2 immune system boosting minerals: zinc and selenium,
- + magnesium to relieve the feeling of muscle tension,
- + just 1 capsule a day with 3-month supply.

**PACKAGING:** 90 capsules for 90 days

# Garcinia cambogia

Reduces appetite and sense of hunger

The secret behind **Garcinia Cambogia** effects lies in the fruit rind: **hydroxycitric acid or HCA**. Studies have shown that HCA supports body weight reduction, inhibits lipogenesis (fat formation) and reduces appetite and helps you fight cravings throughout the day. In combination with **chromium**, it provides optimal results by helping stabilise blood sugar levels.

ADVANTAGES

- + Reduces apatite and the sense of hunger,
- + reduces accumulation of fat in your body,
- + helps control body weight,
- + chromium helps regulate blood sugar levels.

**PACKAGING:** 90 capsules for 30 days

# Turmeric curcumin

One of the strongest turmeric capsules on the market

**Curcuma** or **turmeric** is known as the king of spices in Ayurvedic medicine. Its main chemical component, curcumin, helps cleanse the liver, purify the blood, improves digestion and elimination. It stimulates bile production in the gallbladder, scavenges free radicals, and speeds up the liver detoxification process. It acts as a powerful antioxidant and has powerful anti-inflammatory properties. We added top-quality **ginger** extract and **vitamin D3** for maximum effect.

## ADVANTAGES

- + Patented ingredient, NovaSOL® Curcumin, in micellar form,
- + 185x more bioavailable than native curcumin,
- + maintains the lung & upper respiratory tract health,
- + protects the cells from harmful substances thanks to a high antioxidant content.

# Keto F-burn

Get the most out of your keto diet

When you're dieting, carbohydrates become your body's main source of energy. But when you're on a keto diet, which is low in carbohydrates, your body has limited access to glucose so it starts burning fat for energy instead. This process is called **ketosis** - it means that your liver is converting fatty acids into ketones and using them as fuel. This is where Keto F-Burn comes in. It will help you burn fat faster and make sure you get the most out of ketosis with combination of 4 ingredients: **green tea**, **caffeine**, **ginger** and **cayenne hot pepper**.

## ADVANTAGES

- + Increases fat burning by 16%,
- + increases calorie consumption and boosts energy levels,
- + for a clear mind and an improved sense of well-being,
- + ideal for anyone on a keto diet.

# Immunity boost

24/7 full immune system support

In order to effectively support our immune system we have to reinforce it at 3 levels: the first-defense barriers (skin, mucus membranes), main player: **vitamin C**. The fast-acting innate immunity (the first immune cells), main player: **selenium**. The slow-acting but extremely target-oriented acquired immunity (based on antibodies), main player: **zinc**. ImunoBoost sustains all the 3 main branches of the immune system needed to effectively protect our body from infections and cope easier with them.

ADVANTAGES

- + 3 in 1 boosting of the immune system: superior form of vitamin C + zinc + selenium,
- + 24/7 immune protection,
- + 300% better availability of the patented vitamin C (Ester-C®) to microbe-fighting white blood cells,
- + supporting the production of antibodies, our special forces against microbes.

PACKAGING: 20 capsules for 10-20 days
